SPECIAL PRICE LIST NO. 100

Emergency Notes from WW II

In the early days of the Second World War, there was a strong possibility the Hawaiian Islands would be captured by the Japanese. In response to this, the United States printed special *emergency* silver certificates for use in Hawaii. These notes were identical to those used throughout the United States except they had a brown seal (instead of blue) and were surcharged HAWAII on both sides. If Hawaii were captured, these notes could be declared worthless, thereby preventing their use for subversive purposes.

Silver certificates with the bold HAWAII overprint are very popular with today's collector. But because of their limited printing and the hectic times in which they were issued, choice uncirculated specimens are difficult to locate. Even the most commonly encountered denomination, the one dollar note, is usually seen only in circulated condition.

In a recent buying campaign, Paramount was fortunate to obtain a limited quantity of $1, $5, and $10 HAWAII overprint silver certificates, each crisp Uncirculated. Now is the perfect time to add these desirable notes to your collection. Demand for quality notes is increasing every day as more collectors enter the field of paper money. Once these notes are sold, it may be some time before we are once again in the position to offer all three denominations. Place your order today — while they are still available!

$1.00 HAWAII Overprint, Uncirculated $24.50

$5.00 HAWAII overprint, Uncirculated $120.00

$10.00 HAWAII Overprint, Uncirculated $110.00

SPECIAL!

Save $19.50. One each of the above three notes, regularly $254.50, only $235.00

(Quantities are limited. Order soon.)

A COMPLETE 97-PIECE MORGAN DOLLAR SET FOR AN AVERAGE COST OF ONLY $22.16½ PER COIN!

That's right! For $2150 ($22.16½ per coin) you may own a complete set of Morgan Dollars, *in albums,* in Very Good to Mint State! Included are all dates and mints (less the excessively rare 1895-P and varieties) from 1878 to 1921. Think about it! You'll be getting the very rare 1893-S which alone sells for over $300 in Very Good. Other rare dates like the 1889-CC, 1894, 1895-O, 1895-S, 1899, 1903-O, all the "CC" dates, etc., are also included.

We have recently seen *minimum* quality sets (Good-Very Good) trading for $1500 on the wholesale market. Our sets are far superior with most coins grading Fine, VF, EF and *even Mint State! None will grade less than Very Good.*

The Morgan Dollar is *the most popularly collected series of U.S. coins.* This popularity is responsible for the dramatic increase in value these coins have seen in the last few years. While no one can predict the future, activity at recent coin shows indicates the Morgan Dollar's popularity is continuing at an all-time high. And of the hundreds of thousands of silver dollar collectors, only a small number will ever be able to claim that they own the 97-piece set.

Remember:

- The average cost per coin is $22.16½ (Common date circs sell for $6.00 or more!)
- All 97 coins are in albums!
- These are not minimum grade sets where most of the coins are only Good to Very Good. The set will average VF!

Your satisfaction is guaranteed! Call our Rare Coin Department *Collect* to reserve your set!

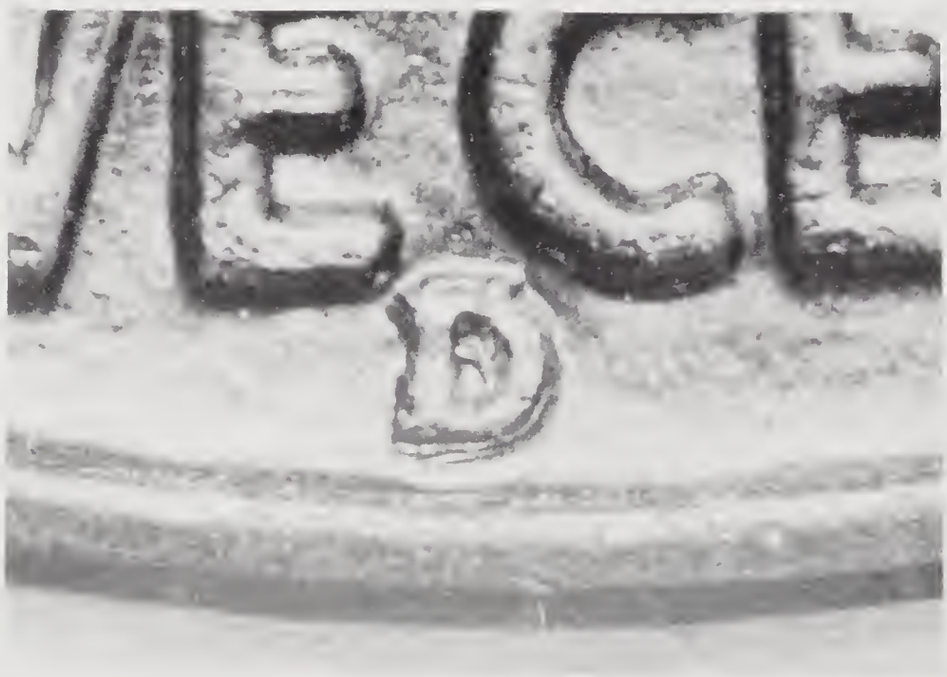
Good News For Nickel Collectors!



Enlarged photo of D/S mintmark.

Good news! Paramount now has available several beautiful examples of the elusive 1938-D/S Buffalo nickel in brilliant Mint State 65 condition for just $45.00 each! This desirable *dual mintmark* nickel was *unknown* until a collector accidently discovered it in the early 1960's. Since then, it has appeared in sixteen consecutive editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman. Without question, this popular coin is an absolute *must* for the collector!

Important! The specimens we offer are the much more desirable *Variety 1.* Only on this variety does the "S" mintmark show clearly beneath the "D".

In 1938, Buffalo nickel dies were prepared with the "D" and "S" mintmarks, but because the Jefferson nickel was to be introduced soon, the Buffalo nickel was struck only in Denver. To save time and money, the dies originally intended for the San Francisco Mint were restamped with the "D" mintmark and sent to Denver. This created the famous 1938-D/S Buffalo nickel. No one knows for certain how many dies were restamped, but in sixteen years of searching, *only two dies have been positively identified!*

Hurry! We certainly do not expect the specimens we have in stock to last long. To assure yourself of obtaining a lustrous MS-65 1938-D/S nickel, mail your order today!

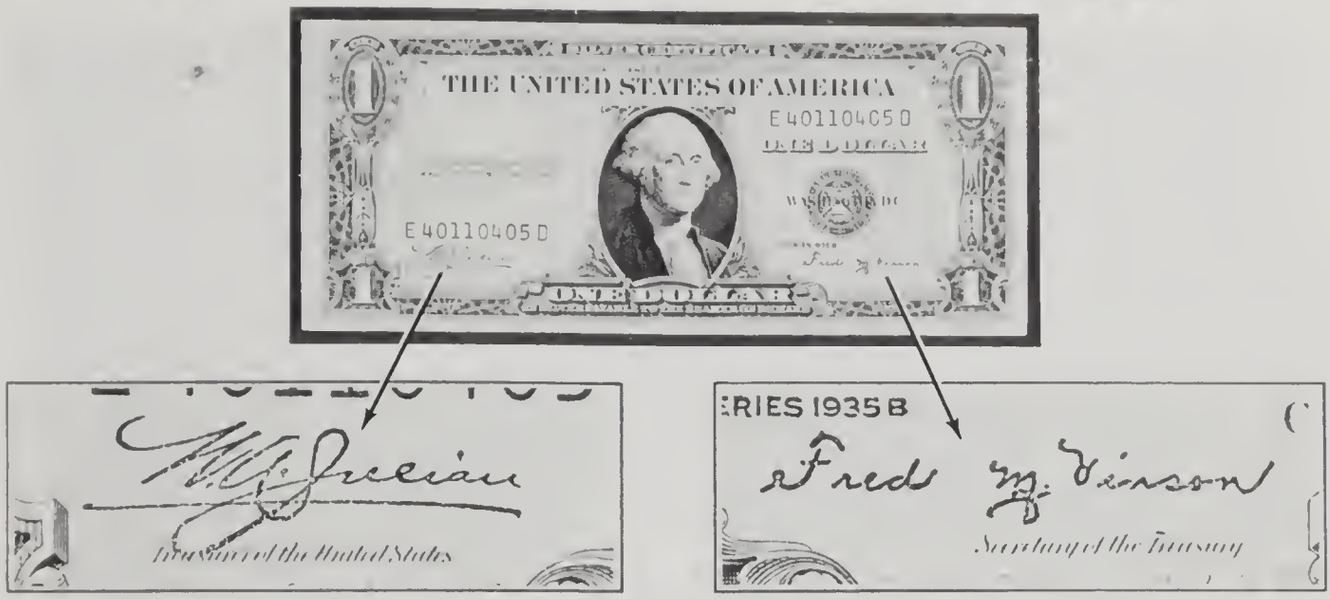
Two Names to Remember



One of the scarcest and most popular of all signature combinations found on small size United States currency are the signatures of the Treasurer of the U.S., *W.A. Julian* and Secretary of the Treasury *Fred M. Vinson*. The mere mention of their names is certain to command the immediate attention of even the most advanced collectors. And no wonder! For example, an Uncirculated 1934-B series Ten Dollar silver certificate with their signatures sells in excess of $800! But *you* can own a crisp Uncirculated *Julian-Vinson* silver certificate at a price guaranteed to fit any budget — only $11.50!

Paramount is in the fortunate position of having a small quantity of the 1935-B series One Dollar silver certificate in stock. These notes are from original packs and carry the desirable *Julian-Vinson* signatures. In the most recent (1975) edition of Friedberg's *Paper Money of the United States,* this note catalogues for $15. But remember — this catalogue value is three years old, and who knows what this note may list for when the next edition is released later this year? Now is the time to obtain your specimen of this popular note.

The field of paper money collecting is growing stronger every day. Notes in choice condition, like those we are offering here, are among the most popular. And when these notes have the desirable *Julian-Vinson* signatures, the demand is even greater. Order your specimen today. Choice Uncirculated condition and bearing two names to remember — a combination hard to beat!

POPULAR LINCOLN CENT COLLECTION

Sometime in 1978, Congress is scheduled to discuss the fate of the dollar, half dollar and one cent piece. While there is a strong possibility that the one cent piece will be saved, no one can yet be absolutely certain. But in either event, one thing is certain: Any Congressional interest in the one cent piece is bound to cause increased collector attention.

For those of you who may have overlooked the Lincoln cent, Paramount has assembled an attractive 1959-1977 Lincoln Memorial cent collection in brilliant Mint State 60 or better condition. This set will include every date and mintmark issued for circulation, including the popular 1960-P and D Small Dates. (The 1970-S Small Date, 1972 Double Die, and proof-only issues are not included.) And — the set will be mounted in a deluxe bookshelf style coin album!

Order a set today while the availability is the greatest — and before the one cent piece is once again in the spotlight!

Scarce Silver From the Vatican

Actual size 22 mm

In 1939, war began in Europe, and the Vatican, surrounded by the city of Rome, elected Monsignor Pacelli as Pope Pius XII. This necessitated a new series of Vatican coins. However, the design of the new 5 Lire silver coin remained for just three years. Now you can own a Mint State 65 specimen of this limited issue coin!

Early in 1977, we offered the first year of reign 5 Lire coins, 1939, for Pope Pius XII and nearly sold out. Now we have been fortunate to locate a few Mint State 65 specimens of the equally popular *1940* 5 Lire coins. Like the 1939, the obverse shows Pope Pius XII while the reverse depicts Saint Peter, the first Pope, guiding a small boat. Both the 1939 and 1940 5 Lire coins have a mintage of just 100,000, and catalogue for $25.00 each.

While they remain, we are making available both the recently acquired 1940 5 Lire coins *and* the few remaining 1939 5 Lire coins at below catalogue – just $22.50 each. But hurry! With the increasing number of world coin collectors, these coins will probably go fast! Order your coins today!

Daddy, what did a half dollar look like?

What will you show your children or grandchildren when they ask you that question? Farfetched? Not really – when you consider that 1978 could be the last year this denomination is issued!

We have mounted four half dollars in a custom plastic holder. This set will include a Walking Liberty, Franklin and 1964 Kennedy half dollar – each made of 90% silver and in brilliant Mint State 65 condition. Also included in this desirable set is a magnificent 1976-S – only year of issue – Bicentennial half dollar in Proof 65!

Don't delay! Have something to show *before* they ask.

THE COMMEMORATIVE PAGE

1936 Gettysburg

The turning point of the American Civil War came in 1863 with the Battle of Gettysburg. This historic battle was commemorated with a 1936-dated half dollar. Its obverse depicts the conjoined busts of a Confederate and Union soldier. The reverse, Union and Confederate shields.

Many collectors are discovering that a very attractive collection can be assembled by selecting commemoratives pertaining to the same or similar topics. Because of its direct bearing on our history, commemoratives relating to the Civil War are very popular. With a 124% ten-year increase in Red Book value, the Gettysburg commemorative would be the perfect coin to start such a collection!

1936 Gettysburg Commemorative, Mint State 65 ..... $155.00

1936 Long Island

Designed by Howard Weinman, son of A.A. Weinman (designer of the Walking Liberty half dollar and the Mercury dime), the 1936 Long Island commemorative half dollar stands as a lasting tribute to the first settlement on Long Island by Dutch colonists. The obverse features the conjoined busts of a Dutch settler and an Indian, while the reverse shows a Dutch sailing vessel in full sail.

This coin received widespread distribution. As a result, many specimens show evidence of mishandling or circulation. The coins we offer are *strictly mint state*. With a 186% increase in Red Book value over the past ten years, an early order is recommended.

1936 Long Island Commemorative Mint State 65 ..... $49.00

1936 Maine

The Maine Centennial commemorative half dollar is the work of Anthony de Francisci, designer of the Peace silver dollar. Its design is based upon specifications given by the state. The State Arms is on the obverse and a wreath made of pine is on the reverse. Originally intended to be sold during the Centennial Celebration in Portland, Maine, the coins arrived too late and were instead sold by the State Treasurer.

From 1968 to 1978, the Maine commemorative shows a very impressive gain in Red Book value — 233%! This increase, in addition to its low mintage of just 50,028, are two important reasons why you should add this coin to your collection *now*.

1936 Maine Commemorative, Mint State 65 ..... $105.00

1934 Maryland

The 300th anniversary of the founding of Maryland by Lord Baltimore was commemorated in 1934 with this specially designed half dollar. Cecil Calvert, Second Lord Baltimore, appears on the obverse; the arms of the State of Maryland appears on the reverse.

This was the first commemorative to be issued of those authorized by the Roosevelt administration. Over the past ten years, this attractive coin has increased 157% in Red Book value. Yet, despite this increase, the Maryland commemorative is still available at a remarkably low price! Be certain to make this coin one of the first you add to your collection!

THE LAST OF THE 90% SILVER DOLLARS

A Complete Peace Dollar Set

Paramount is offering YOU the opportunity to be a proud owner of a *complete* set of Peace dollars — at a *down-to-earth price!* Each set is composed of a Peace dollar of *every date* and *every mintmark* issued from 1921 through 1935.

The coin which starts this set is the scarce and highly desirable 1921 Peace Dollar — the only true high relief dollar ever struck. With a mintage of one million, this coin is just the beginning of a veritable treasury of *low mintage silver dollars!* Fourteen of these dollars have mintages of under two million of which four are under one million. This includes the *scarce* 1928 Philadelphia issue — a Twentieth Century rarity.

Every coin contained in these sets has been hand-selected and approved by Paramount's silver dollar experts. The only coins which they approved were those grading Fine 12 *or better.* Also, they guarantee that at least one silver dollar in each set will be mint state.

You will be proud to own and display one of these Peace Dollar sets. Each comes mounted in a deluxe bookshelf style album for your viewing pleasure. We know you will be pleased. Mail your order today.

The Last Four Dollar Types

For the budget-minded collector who will not compromise on *quality*, we have selected a four-piece dollar type set consisting of the four major dollar designs of the twentieth century and have mounted them into a custom plastic holder. Included in this fabulous set is a Mint State 60 *or better* Morgan and Peace dollar — each 90% solid silver — and two Proof 65 Eisenhower dollars with brilliant, mirror surfaces. One Eisenhower dollar is of the regular "standard" design. The other is the popular 1776-1976 Bicentennial issue, struck to celebrate the United States' 200th anniversary of independence. Both Eisenhower dollars carry the "S" mintmark of the San Francisco Mint and are "proof-only" issues. No San Francisco Eisenhower Dollars *were ever released for circulation!*

With the possible elimination of the dollar coin, as we know it, now is undoubtedly an opportune time to acquire this four-piece dollar type set. If the design or shape of the dollar coin is significantly changed in the future, greater attention could be focused on the dollar series. With the dollar market currently at an all-time high, it is easy to imagine what this added interest could do to this set. So order now, before it is too late.

Memories of the Centennial

Photos Reduced

In 1976, the United States celebrated its 200th anniversary. A century earlier, during our nation's 100th anniversary, the atmosphere was much the same as it was in 1976. Centennial fairs and exhibits of all kinds were commonplace. Today, momentos and keepsakes from these celebrations are very desirable collector items.

For six months in 1876, Philadelphia's Fairmont Park held a continuous festival and international exhibition. To gain admission to the various events at the celebration, special tickets were issued. Now — *you* have the opportunity to own three different varieties of these 102-year-old tickets for the amazingly low price of just $12.00! All are in Very Fine condition, and are sure to be a welcomed addition to *any* collection. Order today!

Don't Duck This Stamp!

In 1934, the Federal government began to license duck hunters. For a small fee (originally $1.00), the hunter was issued a "duck stamp" which he signed and affixed to his hunting license. These stamps have been issued every year since 1934, each with a different design usually depicting either ducks or geese in their native habitat.

Duck stamps are very popular with stamp collectors, but because these stamps were intended to be sold to hunters to produce revenue, and not to collectors, mint state copies of many years are difficult to obtain. However, we have recently acquired a very small quantity of the beautiful 1960 Duck stamp in Mint, Never Hinged, F-VF condition. This attractive multicolored stamp features a pair of Redhead ducks with four ducklings swimming in water. For sheer aesthetic beauty, this stamp is virtually unmatched. It is a *must* for the conservationist, hunter, bird fancier, or stamp collector. Order your copy today!

PRICED TO SELL!

Only $14.95 will bring you a crisp XF-AU specimen of a Confederate $100 bill! Each note we offer is dated December 18, 1862, and has handwritten serial numbers and signatures. These are *interest bearing* notes paying an interest of two cents per day. Each note is backstamped with a January, 1863 date from the Assistant Treasury Office in Jackson, Mississippi, signifying that the interest had been paid up to that date!

These high denomination notes are approximately 3" x 7½" in size and are printed on a soft, delicate paper. The portrait of Senator John C. Calhoun appears on the left, a personification of Liberty on the right. Three slaves form the central vignette.

Because we only have thirty-six of these notes available, we must limit them to *one per customer*. To assure yourself of obtaining one of these interesting and historical Confederate notes, place your order *today*.

URUGUAYAN GOLD BANK NOTES

These handsome Ten Peso notes were to be issued by the Bank of Londres and the River Plate in Montevideo, Uruguay in 1883 and were redeemable *in gold!* The unissued remainder notes we are offering measure approximately 3¾ inches by 8½ inches and are *crisp* Uncirculated! They are even more interesting in that they still have the register stub attached to the left side of the note. This stub was kept by the bank and used as an anti-counterfeiting device because each note was cut from the book in an irregular pattern as it was issued. If there was any question about a note, it had only to be compared to the remaining stub.

A portrait of Christopher Columbus is featured on the left side of the actual note. The holes at the far left remain from where the bills were originally sewn together. We have been able to acquire a few of these beautiful gold notes and now offer you the opportunity of a lifetime. You may purchase one of these beauties at the astonishingly low price of *only* $7.95, but while our small supply lasts, you may also obtain three notes, *with consecutive serial numbers,* for the extra low price of only $22.50!

With the number of world paper money collectors continually growing, our small supply will not last long. In order for you to be assured of receiving these bills you must order your notes *now!*

Countless millions of United States gold coins were melted after they were withdrawn from circulation in 1933. Undoubtedly, an untold number of 2½ Dollar Indian Head coins were included. Many of those which did survive have either been circulated or damaged through use in jewelry. This has resulted in a *very limited number* of mint state specimens available for today's collector. When adding this coin to your collection, turn to the dealer with whom you have confidence — Paramount. We have in stock several examples of this coin in lustrous Mint State 60+. THE DOOMED DOLLAR

Its time may be running out!

We may be witnessing a very important numismatic occurrence in the near future — the end of the Eisenhower dollar. If true, then a glorious era of numismatic history which began in 1794 with the issuance of the first dollar will come to an abrupt end.

Congress is planning to closely examine the entire coinage system of the United States in early 1978. There is a strong belief in the numismatic fraternity that the Eisenhower dollar will be replaced with a smaller circulating dollar. If this happens, then the Eisenhower dollar could easily become a very popular item!

The Eisenhower dollar set we are offering consists of 26 coins — one of every date and every mintmark including all *silver* and *proof* issues from 1971 through the Bicentennial year of 1976. Although this set covers just six short years (1971-1976), several desirable and low mintage coins are included. As a matter of fact, sixteen (16) of the dollars included in this set were never issued for circulation! The *total* mintage of these sixteen coins is *less* than one third of those struck for circulation in just one year, 1972!

The twenty-six coins comprising the 1971-1976 set we are offering are shown. Their mintage figures are in parentheses.

1971	(47,799,000)	1974	(27,366,000)

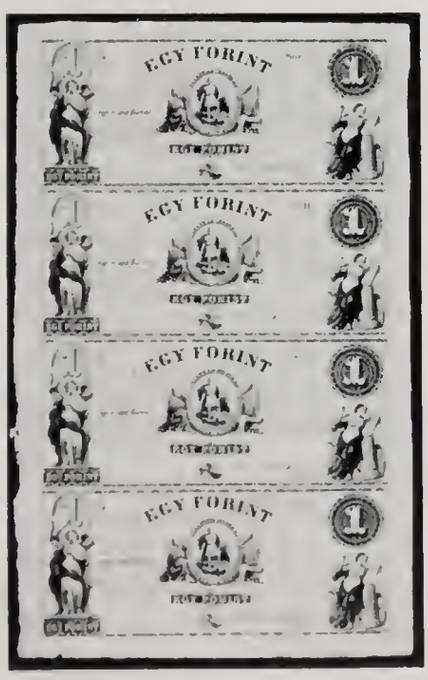
A Hungarian Legacy



In 1851, Lajos Kossuth, Hungarian statesman and ardent radical nationalist (he wanted to tax the nobility!) came to the United States to seek support for the cause of Hungarian independence. Even though he was jubilantly received wherever he went, Kossuth gained no material aid and in 1894, died while in exile in Italy.

We recently received from our London office a small group of uncut sheets of Egy (1) Forints which Kossuth had printed while in the United States in an attempt to promote his cause. These sheets exhibit superior workmanship and quality because they were produced by the prestigious firm of Toppan, Carpenter, Casilear & Co. — the same firm which printed many of the United States' first postage stamps! Each sheet is printed in black on rice paper and is, without question, as fine an example of early bank note engraving as can be found!

The historical significance of these sheets cannot be ignored. That, plus their beauty and overall quality makes our price of just $19.50 per sheet seemingly unbelievable! Place your order today to be certain of receiving your uncut sheet of Lajos Kossuth's Egy Forint notes.

Original Uncut Sheets Over 100 Years Old

Before the United States government began issuing paper money in 1861, private banks issued their own bank notes. Today, these large and richly engraved notes are eagerly collected for their beauty, scarcity, and historic value.

The $20 notes of the New Orleans Canal and Banking Company were printed by the firm of Toppan, Carpenter and Company in sheets of four. These sheets were sent directly to the Canal Bank to be numbered and handsigned by the Cashier and President. For some reason, probably linked to the economic instability preceding the Civil War, these sheets were never signed and issued. Now *you* have the opportunity to own a full sheet of these 120-year-old notes at the remarkable price of less than $5 per note!

Measuring 8½ x 14 inches, this uncut sheet is ideal for framing and displaying in your office or home. Printed in black on the front and brown on the back, the central engraving portrays angels and cherubs supporting the number "20".

Take advantage of this opportunity to acquire an attractive remembrance of a bygone age. Order today – while our supply lasts!

United States Gold Commemoratives

While most collectors are aware the United States issued silver commemoratives, many are surprised when informed the United States also issued commemorative coins struck in gold! These gold commemoratives were issued between 1903 and 1926 and form one of the most interesting of all U.S. series.

As a result of their low mintages (all but one has a mintage *under* 18,000) and popularity, gold commemoratives were widely distributed and many became the property of people who were not collectors. Therefore, quite a few of these coins were mishandled and can no longer be considered mint state. Because of this, choice mint state examples are difficult to locate.

Paramount maintains one of the largest inventories of mint state gold commemoratives in the United States. We are certain you will be pleased with our conservative grading and prompt, efficient service. Start your United States gold commemorative collection today!

San Francisco Proof Set Portfolio 1968-1977

United States proof set production underwent a drastic change in 1968. After a three year absence (1965-1967) because of a nationwide coin shortage, proof sets were once again issued — but this time from the San Francisco Mint! Not only that, but they were now being issued in specially designed hard plastic cases. But even more important were the *proof-only* coins contained in these sets.

From 1950 through 1964, the Philadelphia Mint issued for circulation every denomination which is included in the proof sets. However, beginning with the San Francisco Mint's proof set production in 1968, these sets began to contain coins *without* a circulation-strike counterpart. In other words, from 1968 through 1977, forty-three (43) of the coins contained in these sets were issued only in proof! The *only way* millions of coin collectors can fill the empty Proof-only holes in their coin albums is by purchasing *proof coins* — the very same proof coins included in the proof sets offered in this portfolio! These sets are from the following years:

1968	1970	1972	1974	1976
1969	1971	1973	1975	1977

Save $6.50 with the purchase of this portfolio! If purchased individually, these ten proof sets would cost $116.50. However, by purchasing this portfolio, you can obtain all ten sets for only $110. Order your "S" Mint portfolio today!

Only Two Available!

Sporting a 200% three-year increase in value according to the 1975 and 1978 editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman, the 1933-S half dollar is a key to the Liberty Walking series. Paramount currently has two brilliant Mint State 65 specimens of this highly desirable coin in stock. With the entire Walking Liberty half dollar series showing a strong resurgence, now is definitely the time to consider adding this scarce coin to your numismatic holdings. Remember, only two of these coins are available. Order today.

Redfield Silver Dollars an Individual Listing

Here is a listing of Mint State 60 silver dollars from the famous Redfield Collection. These silver dollars did not meet Paramount's strict grading standards which we insist upon for our MS-65 dollars, yet many of these dollars are equal to, and even exceed, the "Gems" and "Superb BU's" offered by many other dealers. And like all mint state Morgan and Peace dollars sold by Paramount, these coins carry a full *SIX-MONTH RETURN PRIVILEGE.* Why don't you place an order today and see for yourself?

DO YOU KNOW THE ANSWER?

QUESTION: When does a quarter belong in a half dollar collection?

ANSWER: When it is an Isabella quarter and the half dollars are United States commemoratives!

If your commemorative collection is lacking the Isabella quarter, then you are missing one of the most important of all United States commemoratives! Why? Because the Isabella quarter is only one of two commemorative types issued before 1900 (the other being the Columbian half dollar). It is also the only United States coin to feature a foreign monarch (Queen Isabella of Spain).

Mint state examples of the Isabella quarter are very difficult to locate. Many of the so-called "Uncs" available today are merely mishandled or slightly circulated coins which have been cleaned or polished to *resemble* mint state. Don't be fooled into purchasing one of these inferior coins when you can purchase a strict mint state specimen from Paramount! The Isabella quarters we offer are completely original. We guarantee you will be completely satisfied, or return your Isabella quarter within seven days for a complete refund.

Remember — if you collect United States commemoratives, you should have the Isabella quarter. After all, your collection cannot really be complete without it!

29-Piece Canadian Silver Dollar Collection

Canadian silver dollars are well known for their attractive designs and very low mintages. Struck between 1935 and 1967, with the exception of the war years 1940 through 1944, these *80% solid silver* coins have been growing in popularity with collectors and investors throughout the United States. Now you can enjoy the pleasure of collecting these beautiful silver coins!

We have assembled several sets containing twenty-nine different Mint State 65 Canadian silver dollars issued from 1935 through 1967. Six of the dollars are "only-year-of-issue" commemoratives. Several dates, especially those before 1950, are very difficult to locate in mint state. But what attracts many people to this beautiful series are the *low mintages.* Just take a look at the mintage figures of the twenty-nine dollars contained in each set!

DATE	MINTAGE	DATE	MINTAGE
1935	428,707	1954	246,606
1936	306,100	1955	268,105
1937	241.002	1956	209,092
1938	90,304	1957	496,389
1939	1,363,816	1958	3,039,630
1945	38,391	1959	1,443,502
1946	93,055	1960	1,420,486
1947	65,595	1961	1,262,231
1947, Maple Leaf	21,135	1962	1,884,789
1948	18,780	1963	4,179,981
1949	672,218	1964	7,296,832
1950	261,002	1965	10,768,569
1951	416,395	1966	9,912,178
1952	406,148	1967	6,767,496
1953	1,074,578		

A major concern when building a Canadian silver dollar collection is *condition.* In assembling this impressive twenty-nine piece set, we have *hand-selected* each coin for its quality and brilliance. *Only Mint State 65 coins will be included!* This is very important because the Canadian silver dollar market is showing signs of strong activity. Also, a major new reference work concerning these dollars has just been released. In addition, recent gains experienced by mint state Morgan and Peace dollars have attracted potential investors to the numismatic market. Naturally, large, attractive silver coins with low mintages, like many of the Canadian dollars included in this twenty-nine piece set, would be very appealing to these investors.

If you are part of a growing number of collectors with an eye to the future who appreciate beauty as well as quality, then this Canadian silver dollar collection is for you!

1874 WAR CLAIM CERTIFICATE

Signed by the man who vowed he'd get Jesse James

In 1874, the state of Missouri issued War Claim Certificates to compensate its citizens for services during the Civil War. Today, these large notes (3¾" X 8") are very scarce and in great demand because they are *hand-signed* by then Missouri Governor Silas Woodson, a self-avowed enemy of fellow Missourian Jesse James. (Silas Woodson used the power of his office in an effort to "get" Jesse James. This hatred stemmed from the Civil War when Woodson was a Union sympathizer and Jesse rode with Quantrill and his Confederate band.)

We currently have a small number of 1874 Missouri War Claim Certificates in stock in *About Uncirculated* condition. They are printed in black and green with a red serial number, and are hand-signed by the Acting Paymaster General, in addition to Governor Woodson. Each note is made payable to a particular individual whose endorsement can be seen on the ornately designed green reverse.

Certainly a note with the great historic appeal of a Missouri War Claim Certificate should belong in every collection. Quantities are very limited and it is doubtful that once we sell out, we could ever acquire enough of these desirable notes to offer them again. Why don't you order a War Claim Certificate today?

Central American Beauty

With the front printed in vivid shades of yellow, green, and blue, and the back in bright orange, these Salvador One Colon notes from the Banco Occidental have to be included among the world's most beautiful currency. Each note we offer is in crisp AU-UNC condition — crackling fresh! They are all dated January 1, 1929 — the last series date ever issued by this bank — and each has a black overprint on the back, contrasting sharply with the orange reverse.

The notes we offer came from original packs. Apparently they were placed into these packs as soon as they were overprinted because the front of each note shows traces of the black overprint from the back of the note which laid on top of it. This is common and should in no way detract from the note's beauty or value!

Place your order early for your example of this outstanding note. Remember — when you order from Paramount, your satisfaction is guaranteed!

Silver Type Sets From Russia and the Soviet Union

Set A - Russia, The Last Silver Coinage of Czar Nicholas II

This is an important six-piece all silver set because it numismatically represents the last silver coinage featuring the bust of a czar. The bearded bust of Nicholas II is featured on the two largest silver coins — the 50 kopecks and one rouble. All six coins carry the ornately designed two-headed crowned Imperial eagle. Included are these denominations:

Denomination	Silver Fineness	Diameter	Denomination	Silver Fineness	Diameter
5 Kopecks	.500	15 mm	20 Kopecks	.500	22 mm
10 Kopecks	.500	18 mm	50 Kopecks	.900	27 mm
15 Kopecks	.500	20 mm	One Rouble	.900	34 mm

This six-coin set is mounted in a custom plastic holder which allows easy display and offers maximum protection for these historic coins. The six coins will grade Fine or better.

Set A $18.50

Set B - U.S.S.R., Silver Coinage (1924-1931)

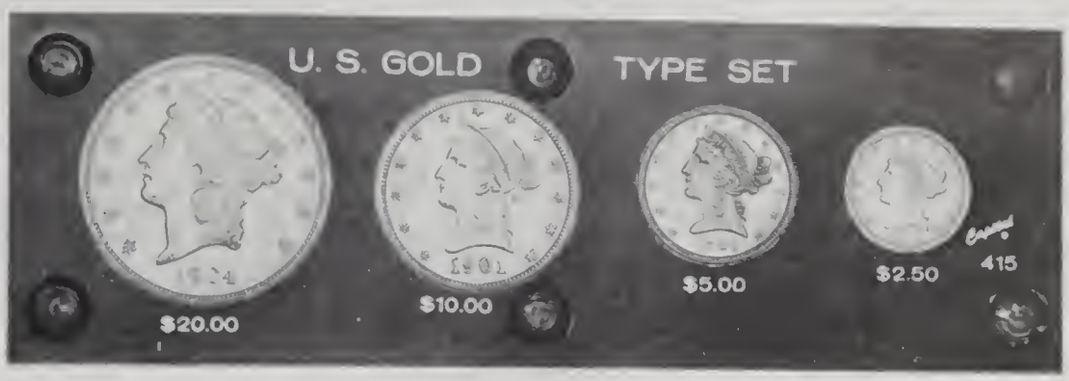
Set B covers the silver coinage of 1924-1931, and were the last silver coins issued for circulation. The 50 kopecks and one rouble feature an industrial worker, symbolic of the modern Soviet Union. The hammer and sickle dominate the reverse. Included in this five-coin silver set are:

Denomination	Silver Fineness	Diameter	Denomination	Silver Fineness	Diameter
10 Kopecks	.500	18 mm	50 Kopecks	.900	27 mm
15 Kopecks	.500	20 mm	One Rouble	.900	34 mm
20 Kopecks	.500	22 mm			

These five coins, representing the last circulation silver issues of the Soviet Union are packaged in a custom display holder. The coins in this set will grade Fine or better.

Set B $22.50

GOLD



AN ITEM OF LASTING BEAUTY

Gold — the ultimate acquisition. There is not a collector alive who would not like to see brilliant, glistening gold in their collection.

We have carefully assembled two different United States gold type sets, each containing a $2½, $5, $10, and $20 gold coin in brilliant uncirculated (Mint State 60 or better) condition. The first set will feature coins with the classic Liberty Head design. This design was used from the late 1830's into the twentieth century. The second set includes the popular $2½ and $5 gold coins with the incuse Indian Head design. (They were the only coins issued by the United States whose design was actually *below* the surface of the coin.) Also included is the $10 Indian Head gold coin and the magnificent $20 Saint-Gaudens. The Saint-Gaudens is often referred to as the most beautiful coin ever issued by the United States, and one of the most beautiful in the entire world.

Either set would make a handsome addition to any collection — an addition certain to bring enjoyment and pleasure for many years to come. Gold. You've heard so much about it. Now, it can be yours.

1879-S Morgan Dollar Varieties

Two Desirable and Scarce Coins

Does your collection contain the two varieties of the 1879-S Morgan silver dollar? Unknown to many collectors, these varieties do exist and are collected by many as part of the Morgan Dollar series! As a matter of fact, they are pictured on page 154 of the latest (1978) *Guide Book of United States Coins* (Red Book) by R.S. Yeoman.

The distinctions are most clearly seen in the area of the eagle's breast on the reverse. Type I with a parallel top arrow feather is referred to as the "flat breast" (concave) variety. Type II has a slanted top arrow feather and is called the "rounded breast" (convex) variety.

We have placed both varieties in a custom hard plastic holder. They have been mounted so that you will be able to show your friends and fellow collectors the difference in design. Both coins will grade Mint State 60.

Because of the scarcity of the Type I dollar, this attractive two-piece set is a favorite of all collectors. If you have not yet added this set to your collection, DON'T LET THIS OFFER SLIP BY! Order your set, today.

-1964- A Very Important Year

1964 — a very important year for numismatics because it was the first year of issue for the Kennedy half dollar and the only year this coin was made of 90% silver. *The only year!*

We have located several twenty-piece rolls of this popular half dollar in brilliant *proof* condition. These low mintage, mirror-surface coins are exquisite. Less than 4 million 1964 proof Kennedys were struck. *This represents only 1% of the entire 1964 half dollar mintage!* Compare this mintage with that of other desirable United States coins, and you can see why we are suggesting you order soon. Previous offerings of this popular coin have resulted in sold-outs, so make certain you place your order early!

One Roll (20 Pieces) 1964 Kennedy Half Dollars, Proof, Uncl $89.00

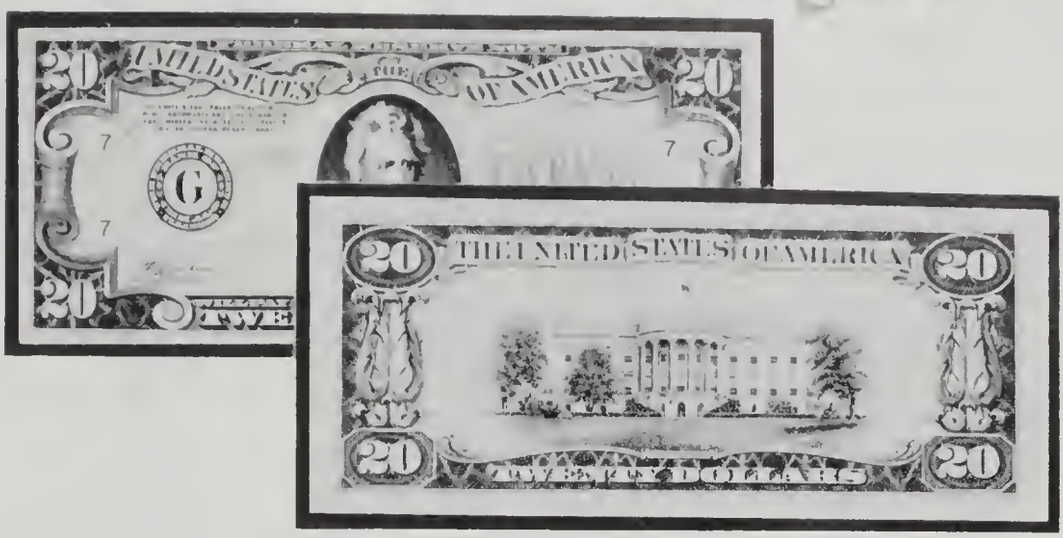
Depression Currency At Below Catalogue!



There are two important ways to distinguish between a scarce, Depression era $20.00 Federal Reserve Note and a later, common issue:

1. The early notes do not have "IN GOD WE TRUST" on the back.
2. In 1948, the Treasury *redesigned* the White House on the back of the note. A balcony was added to the second floor, two more chimneys were added to the roof, new shrubbery was added and trees removed or enlarged, etc.

Compare the *old* back design shown here with the design on a current $20.00 note and you will see a *BIG* difference!

These early original design "Feds" are growing increasingly popular with collectors. The Series 1934-A notes offered here bear the original back design and catalogue at $50.00 in Uncirculated condition in both O'Donnell and Friedberg, but your price is just $39.50! Take advantage of this opportunity now while our supply lasts.

Popular Silver Dollar Type Set From Canada

Canadian silver dollars are known throughout the world for their exquisite beauty and rich detail. Among the most popular of all are the six only-year-of-issue 80% silver commemoratives issued between 1935 and 1967. These are the only silver commemorative dollars of this type Canada ever issued!

We have taken these six different silver dollars and have mounted them in a custom plastic holder. These six silver dollars are:

1935 – George V, Silver Jubilee Commemorative
1939 – George VI, Royal Visit Commemorative
1949 – Commemorates Entry of Newfoundland into the Confederation
1958 – British Columbia Commemorative
1964 – Commemorates the Charlottetown Meetings which led to Canadian Independence
1967 – Issued to Commemorate Canada's 100th Anniversary

Every coin comprising each set has been *hand-selected* for its brilliance and quality by a member of Paramount's Rare Coin Department. Of special importance is the fact that their combined mintage is quite small. For comparison, over *ten times* as many Eisenhower dollars were issued in 1971 than this combined mintage!

Naturally, quality coins such as these Canadian silver dollars are not available forever. That is why we say — order now!

ARE YOUR INVESTMENT DOLLARS WORKING AS HARD AS YOU ARE?

In this world of fast paced living there are few things that can be counted on. One is of course taxes, another is our spiraling cost of living. Yes, inflation is capable of consuming your savings, threatening your standard of living and most importantly, minimizing the value of your retirement portfolio. There are very few investments with a growth potential steadier and faster than the march of present day inflation. A six or eight percent return on your investment does not even put you ahead of daily rises in the cost of living. There are many investments to be made but few return profits greater than ten to twelve percent a year.

There is, however, an increasing number of investors who have found a way to neutralize the rise in the cost of living and earn more than inflation takes away. They are realizing fifteen to twenty percent or higher per year on their investments, over long periods of time. The investments they are making? RARE COINS!

The Paramount Investors Club is the perfect vehicle to assist you in assembling a potentially profitable collection of rare coins. By joining the Paramount Investors Club you are assured of getting high quality coins at fair market prices. And to guarantee this fact, we enclose with each shipment of coins a certificate of authenticity which is your iron clad guarantee that each coin you receive is fairly priced, properly attributed and correctly graded. This certificate is personally signed by an expert member of our professional staff who has carefully selected and examined the coins sent to you.

Members also have the first opportunity to purchase the choicest and most desirable coins from Paramount's unmatched inventory that is worth in excess of five million dollars. There are other important advantages to belonging to this unique club. If you have a retirement plan, you may be able to invest for your profit sharing or pension trust. Also, the profits made on your rare coin investment are eligible for taxation at favorable capital gains rates.

Many people are now building investment portfolios of rare coins that should provide them with outstanding profit potential in the years ahead. We think the Paramount Investors Club is perhaps the best way to do just this. Don't you think you should join them?

Quality Coins Will Be Selected For You By Our Professional Staff

Carefully assembled collections of high quality rare coins have often brought their owners two, three, or four times the original price paid within less than ten years! Many people have assembled such collections by carefully studying coins, learning how to accurately grade them, knowing the genuine from the counterfeit, and by knowing which coins are particularly scarce and underpriced. In short, they have acquired their collections by being knowledgeable numismatists. But it takes time to gain this kind of in-depth knowledge and most people in today's fast paced world do not have that much time to spend.

For our customers, the Paramount Investors Club and Paramount International Coin Corporation are the perfect answer. By becoming a member of this unique Club, you will be able to utilize the knowledge and experience of the most respected company in the numismatic field to help you assemble your collection of rare coins.

It is easy for you to become a member of the Paramount Investors Club. Just fill out and mail the attached Membership Application Form. A member of Paramount's experienced and professional staff will then personally select coins for you that he feels offer maximum investment potential. Each coin will be individually graded, priced, and sent to you for your approval. You will be the final judge as to whether or not the coins are suitable for your collection. If any are not completely satisfactory, you need only return them within 30 days for an immediate replacement or substitution. You do not make payments in advance and you only pay for the coins you decide to retain. The amount you wish to spend on your collection may be increased and decreased at your discretion, and membership in the Paramount Investors Club may be cancelled without obligation at any time.

As a member of the Paramount Investors Club you will receive prompt, personal attention to all your questions and requests. Your collection will be continually reviewed by a member of the Paramount staff and you will be given the first opportunity to purchase the most desirable coins from the millions of dollars worth of rare coins that Paramount handles every year. You will automatically receive special price lists and other publications that will keep you abreast of the exciting rare coin market.

Our staff at Paramount International Coin Corporation invites you to join the Paramount Investors Club. By doing so, you will be taking the first step toward assembling your own high quality collection of rare coins.

NOTE: For the best possible results, rare coin investment must be considered on a long-term basis (five to ten years).

United States Silver Commemoratives

United States silver commemorative coins include some of the most beautiful and artistic designs of any United States coinage. Their beauty and boldness of relief is admired by collectors throughout the entire world. Their mintages are consistently small, often less than 20,000 pieces, and according to the respective editions of *A Guide Book of United States Coins* (Red Book) by R. S. Yeoman, the fifty-piece commemorative type set has more than tripled in value in the last ten years. Yet, many United States commemoratives can still be purchased in mint state condition for less than $50 each.

Considering their low mintages, unique designs, and historical interest, United States silver commemoratives may certainly be a series whose future is clear.
